

GTLI Message from the Chair / 2021-22 Brochure

On behalf of the GTLLI board and Curriculum Committee, I want to thank you for your continued support throughout these unprecedented times. GTLLI has always strived to provide lectures of academic excellence, and this season it was even more important to continue to give our members an intellectual distraction.

Our brochure for next season is now available. Please click here for the [GTLI 2021-22 Brochure](#) or go to the website www.gtlli.ca to get a copy of our 2021-22 Brochure. Feel free to share with family and friends. We look forward to another engaging line up for the 2021-22 season!

There are many factors that will determine how we will deliver the lectures for our next season. The Perspective Series will be livestreamed. Our presenter for the Fall Course is prepared to livestream the lectures if this proves to be the most appropriate course of action or present in person if this becomes feasible. As we get closer to the presentation dates and consider guidance from the health experts and government, these final decisions will be made. We will continue to update you on format as well as let you know when the season is available for purchase. **Please check the website regularly for updates.**

We will be sending you a short survey in a few weeks to understand your lecture participation and viewing preferences for the future. Please take a few minutes to give us your feedback, since it will be critical in planning the lecture delivery model for future lecture series.

Remember, the Humans and Space series and the Spring Potpourri series are available to view on video **only until June 30th**.

Enjoy your summer and I look forward to greeting you back in the Fall.

Sarah Dennis
GTLI Chair
