[Sign In](#) [Forgot password?](#)

3. When you click on “Forgot Password”, and then click on the red Email Password button, you will receive an email with a new password. Click the red Continue button. Open your email and copy this new password, either cut and paste it or write it down, and then return to the sign-in box on our website and enter (or paste) the password you received. (see the picture below). Use your email address and your new (emailed) password.
